What the heck, you can't just shut down a business because it's hurting the competition.. it's called capitalism. If you shut down uber you are doing the citizens of South Carolina a huge dis-service. Taxi companies have a monopoly to begin with and charge way too much money, that is illegal!!! Leave uber alone.

Love
Drew

I totally support Uber. It would be a tragedy to lose the ability to use this service!

I heard about the cease order against Uber. I believe this is extreme. I'm sure Uber would be willing to comply with any concerns you may have if warranted.

I have ridden Uber many times over the past few years and find it as safe and providing better service than even the taxis in the area.

As difficult as it is to find taxis in SC, Uber makes it quick and efficient to find rides when needed as opposed to roaming the streets or calling a service and trying to explain where you are.

I feel it would be a great disservice to South Carolinians to remove this service.

Thanks,

-Bhavesh

My wife and I are upset with the state's decision to challenge Uber! They have helped us on numerous occasions finding our way back home when we couldn't even get in touch with a cab company. We hope to see them back in the streets soon!

Please bring back Uber! It's the safest, most reliable method of public transportation that I have experienced.

If your going to place a cease on operations, it should be on taxi companies for their terrible methods of doing business.

Thank you in advance,

Timothy Rettinger
